

ABOUT THE MAJOR

This BIS track integrates studies of music and industry, approximating a commercial music or music business program and including entrepreneurial music ventures and possible “add-ons” such as a stand-alone arts management certificate and a stand-alone jazz certificate. “Music Industry” is understood as a comprehensive set of business areas and enterprises associated with the development and promotion, and sale of services and products, including their management.

ABOUT THIS MAP

The Four-Year Plan is designed only as a guide. It does not guarantee; 1) that all courses listed will be offered during a given semester, or 2) if they are offered that the scheduling will not conflict. Estimated time of completion is based on 15 hour semesters, with no summer classes. A change in hours or courses taken during the summer will either reduce (taking 18 hrs or summers) or extend (taking less than 15 hrs) the time needed. Use this map to help plan and guide your experience at UWG, including academic, co-curricular, and discovery opportunities. Everyone’s experience is different and activities in this map are suggestions. Always consult with your advisors whenever possible for new opportunities and updates.
