

## ABOUT THE MAJOR

The B.A. with a major in International Economic Affairs offers a liberal arts education with careful attention to international economics and foreign language skills, as well as providing an understanding of international affairs. Students are prepared for internationally-oriented careers in business, the professions, and public service. Students in the B.A. in International Economic Affairs program are provided with an understanding of economic theory and practice in the today's world, with an emphasis on the global, interdependent, and multicultural environment in which we live and conduct business. Students are afforded the opportunity to study a broad range of political, social and economic issues facing countries around the world, develop foreign language skills, and complete a study abroad program. The major provides significant flexibility to meet the needs of students with a variety of interests.

## ABOUT THIS MAP

This program map is intended ONLY as a guide for students to plan their course of study. It does NOT replace any information in the Undergraduate Catalog, which is the official guide for completing degree requirements.
