B2. Enrollment by Racial/Ethnic Category. Provide numbers of undergraduate students for each of the following categories as of the institution's official fall reporting date or as of **October 15, 2024**. Include international students only in the category "Nonresident." Complete the "Total Undergraduates" column only if you cannot provide data for the first two columns. Report as your institution reports to IPEDS: persons who are Hispanic should be reported only on the Hispanic line, not under any race, and persons who are non-Hispanic multi-racial should be reported only under "Two or more races." New guidance from IPEDS for reporting aggregate data: Racial/ethnic designations are requested only for United States citizens, residents, and other eligible non-citizens. Eligible non-citizens include all students who completed high school or a GED equivalency within the United States (including DACA and undocumented students) and who were not on an F-1 non-immigrant student visa at the time of high school graduation. Nonresident – A person who is not a citizen or national of the United States and who is in this country on a student visa or temporary basis and does not have the right to remain indefinitely. Do not include DACA, undocumented, or other eligible noncitizens in this category. NOTE - Nonresidents are to be reported separately, in the boxes provided, rather than included in any of the seven racial/ethnic categories or in race/ethnicity unknown. Dual Enrollment: report unduplicated count as part of the non-degree-seeking students included in the "Total Undergraduates (both degree & non-degree-seeking)" section.

Graduation Rates

The items in this section correspond to data elements collected by the IPEDS Web-based Data Collection System's Graduation Rate Survey (GRS). For complete instructions and definitions of data elements, see the IPEDS GRS instructions and glossary on the 2024-2025 Web-based survey. <https://nces.ed.gov/ipeds/use-the-data/survey-components/9/graduation-rates>

For Bachelor's or Equivalent Programs

Please provide data for the Fall 2018 cohort if available. If Fall 2018 cohort data are not available, provide data for the Fall 2017 cohort. Students who received both a Federal Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column. For each graduation rate grid below, the numbers in the first three columns for Questions A-G should sum to the cohort total in the fourth column (formerly CDS B4-B11).

Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in Fall 2023 (or the preceding summer term). The initial cohort may be adjusted for students who departed for the following reasons: death, permanent disability, or service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.

B22. For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as freshmen in Fall 2023 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in Fall 2024? 77.50 %

Provide percentages for **ALL enrolled, degree-seeking, full-time and part-time, first-time, first-year (freshman) students** enrolled in Fall 2024, including students who began studies during summer, international students/US nonresident aliens, and students admitted under special arrangements.

C9. SAT/ACT Reporting – Do convert Old SAT scores to New SAT scores using the College Board’s concordance (sat.org/concordance).

Percent and number of first-time, first-year (freshman) students enrolled in Fall 2024 who submitted national standardized (SAT/ACT) test scores. Include information for **ALL enrolled, degree-seeking, first-time, first-year (freshman) students who submitted test scores.**

Do not include partial test scores (e.g., mathematics scores but not critical reading for a category of students) or combine other standardized test results (such as TOEFL) in this item. Do not convert SAT scores to ACT scores and vice versa. If a student submitted multiple sets of scores for a single test, report this information according to how you use the data. For example: If you consider the highest scores from either submission, use the highest combination of scores (e.g., verbal from one submission, math from the other) or if you average the scores, use the average to report the scores.

The 25th percentile is the score that 25 percent scored at or below; the 75th percentile score is the one that 25 percent scored at or above.

Transfer Student (pages 32-33) 2024-2025 Undergraduate catalog (pdf version)

A transfer applicant is one who has been enrolled in any regionally accredited college or university. All previous college attendance must be reported at the time of application. Those who have earned fewer than 45 quarter hours/30 semester hours of transferable work or the equivalent will be asked to comply with both freshman and transfer requirements for admission (see freshman requirements for additional details).

A transfer applicant should request the registrar of each college or university he or she has attended to send a transcript to the Office of Admissions. Credits from one former institution appearing on the transcript of another institution can neither be officially evaluated for admission nor accepted for credit until a transcript has been received from the institution originating the credit.

Transfer students will be considered for admission on the basis of their previous college records:

1. They must have a minimum cumulative grade point average of 2.0 in all transferable college work attempted (non-traditional transfer students with greater than 45 quarter hours/30 semester hours of transferable work may be considered with a lower GPA on a case-by-case basis in order to determine their ability to be successful).
2. Students not meeting the minimum GPA requirement may be admitted if they hold an associate degree in a college transfer program from an accredited college and if they have not attempted any college coursework since completing the associate degree.

University of West Georgia
Common Data Set 2024-2025

3. Students must be in good social and academic standing at their former institutions. Students who have been away from high school for less than five years must have completed all RHSC deficiencies and/or Learning Support requirements prior to being admissible and show both English and math proficiency through course credit. Students who have been away from high school for greater than five years may prove proficiency in English, Reading, and Math either through placement testing, valid SAT/ACT scores (less than seven years old), or completion of college coursework. Transfer students from an out-of-state institution may also prove proficiency via the placement test on a case by case basis. Please contact the Admissions Office for further policy details.

4. Admission acceptance by the Office of Admission does not guarantee admission to a specific program or department.

Transfer course equivalencies may be viewed at <http://westga.edu/transfer>. Courses listed reflect results from previously reviewed transcripts and in no case should this list be considered a final and/or a complete listing.

International/Permanent Resident Student Transfer (pages 38-40) 2024-2025 Undergraduate catalog (pdf version)

An international applicant is defined as an individual who is not a "legally domiciled resident" of the United States. A permanent resident is an applicant from another country who has obtained permanent residency in the United States (holds a "green card"). It is recommended that international students apply four (4) to six (6) months prior to the semester of desired enrollment

UWG supports international education and welcomes applications from all students domestic regardless of citizenship or immigration status. Please note the following requirements for international and permanent resident applicants:

1. All applicants whose native language is not English, regardless of immigration status, must meet English language proficiency requirements. This requirement can be fulfilled by submitting results from one of the approved English Language Proficiency options listed below.
2. Any international applicant who has completed a minimum of 45 quarter hours/30 semester hours of transferable work must submit an official copy of transcripts from all previously attended post-secondary institutions. If this institution is based internationally and does not currently hold United States accreditation, an internal academic credential evaluation will be performed to determine the American equivalent of the courses/degrees earned. The University of West Georgia reserves the right to request a formal Academic Credential Evaluation of transcripts/documents submitted to the University as part of the student's application. If requested, the student must provide a course-by-course evaluation, with a GPA conversion, of all post-secondary coursework from a service belonging to either the National Association of Credential Evaluation Services (NACES), or the Association of International Credential Evaluators (AICE).
3. Applicants must have a minimum cumulative grade point average of 2.0 in all transferable college work attempted. Students must also be in good social and academic standing at their former institutions.
4. Admission acceptance by the Office of International Student Admissions & Programs does not guarantee admission to a specific program or department.
5. Students are eligible to apply for transfer credit based on previously completed studies. Please see the University of West Georgia's transfer credit policy located in the "Transfer Student" section.
6. International applicants who require an F-1 or J-1 visa with a supporting form I-20 or form DS-2019 issued by UWG must submit a copy of their passport and any previously issued United States visas as part of the application process.
7. International applicants who require an F-1 or J-1 visa, must also submit sufficient financial documentation to indicate evidence of sufficient funds available for study at UWG inclusive of tuition, fees, lodging, transportation, insurance and supplies. These documents are not required to receive a decision on an application, but are required prior to issuance of any documents needed for the visa application process, namely form I-20 or form DS-2019.

In order to attract international students, the University may waive all or a part of the non-resident portion of tuition for select undergraduate international applicants who meet certain academic criteria. Upon acceptance, an international student may apply for this waiver with the office of International Student Admissions and Program (ISAP). A limited number of waivers are available, and not all eligible international applicants will receive a waiver. Students awarded a waiver must maintain minimum requirements, including GPA, and apply for a renewal of the waiver for each academic year of their study.

List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL 2025-2026 academic year (30 semester hours or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits). A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan. Room and board is defined as traditional-style dorm double occupancy and 19 meals per week or the maximum meal plan. **Required fees** include only charges that all full-time students must pay that are **not** included in tuition (e.g., registration, health, or activity fees.) Do **not** include optional fees (e.g., parking, laboratory use).

H. FINANCIAL AID

Please refer to the following financial aid definitions when completing Section H.

Awarded aid: The dollar amounts offered to financial aid applicants.

External scholarships and grants: Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.

Financial aid applicant: Any applicant who submits **any one of** the institutionally required financial aid applications/forms, such as the FAFSA.

Indebtedness: Aggregate dollar amount borrowed through any loan program (federal, state, subsidized, unsubsidized, private, etc.; excluding parent loans) while the student was enrolled at an institution. Student loans co-signed by a parent are assumed to be the responsibility of the student and **should** be included.

Institutional scholarships and grants: Endowed scholarships, annual gifts and tuition funded grants for which the institution determines the recipient.

Financial need: As determined by your institution using the federal methodology and/or your institution's own standards.

Need-based aid: College-funded or college-administered award from institutional, state, federal, or other sources for which a student must have financial need to qualify. This includes both institutional and non-institutional student aid (grants, jobs, and loans).

Need-based scholarship or grant aid: Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.

Need-based self-help aid: Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.

Non-need-based scholarship or grant aid: Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based:

- | | | |
|----------------------------------|----------------------------|---------------------------|
| 1. Non-need institutional grants | 4. Non-need federal grants | 7. Non-need student loans |
| 2. Non-need tuition waivers | 5. Non-need state grants | 8. Non-need parent loans |
| 3. Non-need athletic awards | 6. Non-need outside grants | 9. Non-need work |

Non-need-based self-help aid: Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.

External scholarships and grants: Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.

Work study and employment: Federal and state work study aid, and any employment packaged by your institution in financial aid awards.

I. INSTRUCTIONAL FACULTY AND CLASS SIZE

I-1. Please report the number of instructional faculty members in each category for Fall 2024. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(a) instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if teaching one or more non-clinical credit courses
(b) administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status <i>UWG Changed reporting fall 2014: All faculty holding administrative titles such as Dean, Assoc/Asst Dean, Chair, Director, Vice President, Assoc/Asst VP, Librarian, etc. will be counted as part-time because instruction percentage is less than 100%.</i>	Exclude	Include if teaching one or more non-clinical credit courses
(c) other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include
(d) undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(e) faculty on sabbatical or leave with pay	Include	Exclude
(f) faculty on leave without pay	Exclude	Exclude
(g) replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

- **Full-time instructional faculty:** faculty employed on a full-time basis for instruction (include those with released time for research)
- **Part-time instructional faculty:** Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instruction faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.
- **Minority faculty:** includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.
- **Doctorate:** includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).
- **Terminal master's degree:** a master's degree that is considered the highest degree in a field: example, M. Arch (in architecture) and MFA (master of fine arts in art or theater).

I-2. Student to Faculty Ratio

Report the Fall 2024 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, **exclude** both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2024 Student to Faculty ratio: 18 to 1 (based on 7,045 students and 396.3 faculty)

$$5,989 \text{ ug full-time} + (3,168 \text{ ug part-time} / 3 = 1,056) = 7,045 \text{ ug fte}$$

$$349-65 \text{ full-time faculty [284]} + (472-135 [337] \text{ part-time faculty} / 3 = 112.33) = 396.3 \text{ faculty fte}$$

$$7,045 \text{ ug student fte divided by } 396.3 \text{ faculty fte} = 17.78$$

I-3. Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2024 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of *class sections* and *class subsections* offered in Fall 2024. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections table.

J. Disciplinary areas of DEGREES CONFERRED

Degrees conferred between July 1, 2023 and June 30, 2024

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

Common Data Set Definitions

- All definitions related to the financial aid appear at the beginning of the Financial Aid Section, Section H.
- Items preceded by an asterisk (*) represent definitions agreed to among publishers which do not appear on the CDS document but may be present on individual publishers' surveys.
- Additional guidance for some terms, particularly those common with the IPEDS survey, may be found here: <https://surveys.nces.ed.gov/ipeds/public/glossary>
